

# G'DAY, WE CAN'T WAIT TO SEE YOU!

Australia is open for business and travel and we can't wait to see you at the upcoming conference

TO MAKE YOUR TRIP TO ADELAIDE, SOUTH AUSTRALIA AS EASY AS POSSIBLE, WE'VE PROVIDED A FEW QUICK TIPS BELOW.

These are current as of 16 August 2022 and subject to change.

## POINTS TO REMEMBER

Adelaide is connected to more than 250 destinations worldwide either directly or by one stop. There are currently 6 airlines flying internationally into Adelaide: Air New Zealand, Fiji Airways, Jetstar, Malaysia Airlines, Qatar, and Singapore Airlines. There are many more flying in via hubs in Melbourne and Sydney. Domestic transfers in Australia are quick and easy. For more information, please speak with your travel agent.

1

### Apply For An Eligible Visa

Australia's Electronic Travel Authority (ETA) allows citizens from more than 30 countries to access an instant online application.

2

### Pre-Departure Testing

You do not need to provide proof of a negative COVID-19 test to meet Australian inbound travel requirements. Some countries, airlines and vessel operators may require a pre-departure test result at check-in before you can board your flight or ship. Check the entry requirements of the country you are travelling or transiting through, and your airline or vessel operator's requirements.

3

### Pack Your Mask

Masks are required on all flights to and within Australia and in some airports. Masks are required on public transportation and in high-risk settings such as medical facilities and pharmacies in South Australia.

4

### Test On Arrival

On arrival to SA, all travellers (vaccinated or unvaccinated) must undertake a rapid antigen test (RAT) or PCR test on arrival and quarantine until they have taken the test. RAT tests can be purchased from most pharmacies and grocery stores.
