

# OPEN SPACE: ROUND 1

1	2	3	4	5
Rebecca Westley-Hauta	Alastair Grubb	Daniel Cumming-Potvin	Aaron Spong	Craig Stegman
Small Caving Operations. Managing challenges for small caving operations	Caving applications to smaller/difficult deposit	Lessons learnt and knowledge transfer	Dealing with Legacy	Understanding key risk-reward trade-offs in Caving, including cost, major hazards and value creation.
6	7	8	9	10
Edward Nyakwenga	Ant Stryk	Dylan	Khatanbaatar Myagmarsuren	Anthony Silveira
Translating risk mitigation strategies to day to day operational tools	What disciplines were missing from the conference which impacts our work and should be discussed more?	Cave initiation / propagation / fracture measurement	People and Communication management with local people	Stuff ups in the industry

**UNCONFERENCE**

# OPEN SPACE: ROUND 2

1	2	3	4	5
<b>Rebecca Westley-Hauta and Alastair Grubb</b>	<b>Amanda Conley</b>	<b>Daniel Cumming-Potvin and Anthony Silveira</b>		<b>David Cox</b>
<b>Small Caving Operations. Managing challenges for small caving operations (cont.)</b>	<b>Recruitment, training and mentorship</b>	<b>Sharing data, building knowledge, and key learnings (cont.)</b>		<b>Technical development for young engineers</b>
6	7	8	9	10
<b>Christian Holland</b>	<b>Craig Stegman</b>	<b>Johnson Ooi</b>	<b>Enrique Rubio</b>	<b>Tessa Ormerod</b>
<b>Is culture the new management</b>	<b>What Don't We Know: comfortable in uncomfortable</b>	<b>Preparing people for new mining</b>	<b>How to make caving more attractive to investors and communities</b>	<b>Diversity and inclusion (cont.)</b>

**UNCONFERENCE**

# OPEN SPACE: ROUND 3

1	2	3	4	5
<b>Andrew Mooney</b>	<b>David Cox</b>	<b>Shaun Light</b>	<b>Ben Powlay</b>	<b>Tristan Jones</b>
<b>What's the future of community of practice?</b>	<b>Hydraulic Pre/Post conditioning</b>	<b>Methods for reporting and depletion for MROR</b>	<b>Discussing how to modernise the industry socially</b>	<b>We need a global consortium of mining companies that create a single, open, shared dataset of Geotechnical data</b>

**UNCONFERENCE**
